OFFICIAL

Dear Sir:

Supplemental to the Amendment filed March 23, 2004, applicant submits the following remarks in connection with the above-captioned application.

REMARKS

Applicants would like to thank Examiner Wilson for the courteous interview extended to applicants' counsel, Michael A. Guiliana, on April 22, 2004. During the interview, the Examiner indicated that the Amendment filed March 23, 2004 appears to overcome all of the outstanding issues with respect to the outstanding office action.

However, during the interview, Examiner Wilson indicated that it would helpful if Applicants submitted comments as to the relevance of U.S. Patent No. 5,511,917 issued to Dickson. In response, Applicants' counsel agreed to submit comments regarding the Dickson reference to the effect that the Dickson reference teaches one form of the prior art discussed in the Background section of the present application. For example, as set forth in the present application from page 2, line 17 through page 3, line 2:

Prior attempts to solve this problem have been unsuccessful. For example, one such attempt is described in U.S. Pat. No. 5,511,917 issued to Charles F. Dickson, the entirety of which is incorporated by reference as if fully set forth
